Registration required
Participation fee : free

Venue : Tsukuba International
Congress Center, Room 102
Onsite

Organizer : University of Tsukuba, T-PIRC
Tsukuba-Plant Innovation Research Center

Accumulation of fundamental research on plants, food, and the biological macromolecules that compose them has the potential to realize food security, improved nutrition, and sustainable agriculture. In this session, young researchers who are bringing new winds to their respective research fields will gather to introduce their own latest research, and discuss together the topic "Is it possible to fuse their research? as well as "Can the fusion open up the future of food sustainability 30 years from now?".

Speakers/Panelists

Official Language: English

Shohei Nosaki
Univ. of Tsukuba
Assistant Prof.
<Speaker/Organizer>

Shingo Sakamoto
AIST
Chief planner
<Speaker>

Hideki Yoshida
Fukushima Univ.
Assistant Prof.
<Speaker>

Peng Lu
The Univ. of Tokyo
Assistant Prof.
<Speaker>

Bui Thi Bao Chau
Univ. of Tsukuba
JSPS fellow (PD)
<Speaker>

Mariko Takayama
Univ. of Tsukuba
Assistant Prof.
<Panelist>

Contact: Univ. of Tsukuba, Tsukuba-Plant Innovation Research Center, Akiho Sumita (Office manager)
